

# Centrifugal pump MTX 18-50

Monoblock pump with surface-cooled motor, extended motor shaft to accommodate the impellers, shaft seal in the form of a mechanical seal, configured for constant operation.

## Details

Flow rate Q in m<sup>3</sup>/h: 27

Motor performance in kW (P2): 4,00

Total head H in m WS: 60

## Field of application

- > Water treatment
- > Water supply
- > Cooling units
- > Engineering
- > Pressure boosting

## Miscellaneous

- > Special voltages
- > Special elastomers
- > Special mechanical seals
- > Higher fluid temperatures
