

Centrifugal pump BCM Profi 18

Plastic centrifugal pumps in the BCM range are suitable for chemically neutral and many chemically non-neutral liquids. Many watery acids and bases can be pumped.

Details

Connection: 230V, 400V

Flow rate Q in m³/h: 30

Motor performance in kW (P2): 1,00

Total head H in m WS: 15,5

Design

Sealless monoblock-type pump with a magnetic coupling instead of a mechanical seal and with an integrated strainer tank. Motor/pump shaft has no contact with the pumped fluid providing complete electrical separation.
