

# Metering pump M1

These self-priming pumps have been specially developed with corrosion-resistant materials for continuous analysis of pool water. The pumps are very easy to maintain because of their self-priming capacity and monoblock type. Special union with a glue socket is included in delivery.

## Details

Flow rate Q in m<sup>3</sup>/h: 25

Motor performance in kW (P2): 0,18

Strainer basket in mm: approx. 2.8 x 2.8

Strainer capacity in l: ca. 0,5, ca. 0,5

Total head H in m WS: 8, 8

## Field of application

Metering pumps for continuous analysis of pool water in public swimming pools.

## Design

Monoblock pump with integrated strainer. Bellow-type mechanical seal mounted on a plastic impeller hub. Electrical separation.
