

SPR-H for units with 2 pumps

Field of application

- Water supply
- Cooling circuit
- Irrigation
- Industrial applications

Design

The pump is adjusted to the system perfectly with the SPR-H speed control. The pump control is available with the following types of control:

- constant pressure control
- temperature control
- level control
- vacuum control

The SPR-H speed control is delivered as an IP 54 steel enclosed control box.

The speed control is equipped with a clear text display, keyboard, main switch and motor protection. The system is parameterised in the factory. Fuses for each pump, manual-automatic switch for each pump PTC thermistor connection.
