Vertical centrifugal pump IN-VB 125-20-1 F

Vertical, multistage centrifugal pumps from the IN-VB range are non-self-priming high pressure pumps characterized by a high rate of efficiency as well as durability. Wetted parts are made from AISI 304 or AISI 316 L stainless steel. The ? 0.75 kW three-phase motors correspond to the energy efficiency classification IE3.

Field of application

Pressure boosting units > Water treatment > Irrigation > Fire extinguishing systems > Cooling

water supply

Design

Equipped with ceramic, wear resistant, liquid lubricated bearings. Shaft seal in the form of a mechanical seal. The pump has the CE sign of approval and corresponds to the newest safety regulations.

Miscellaneous

Special voltages
